School District of Philadelphia

The ELECT Middle Years Program provides an after-school service model for School District of Philadelphia middle years students, 5th through 8th grades, in need of pregnancy support. The model incorporates operational guidelines from the ELECT grant which includes academic planning services, home visits and social service referrals.

Increasing Access to Needed Social Services:

- Referrals for child care services
- Referrals to health care services
- Access to needed social services
- Home visits
- Individual profiles and services
- Life skills and financial management

Academic Support Services

- Assisting students with post-secondary options through coordination of services
- Connecting students to tutoring supports
- Developing individualized service plans around academic and attendance issues
- Monitoring academic progress
- Monitoring attendance and classroom performance
